

# FSM Line Chat Bot

This linebot is for daily entertainment. People can use it to choose which music they want to listen, guess riddles and read some joke. In addition, they can add new music, remove and modify the music in the music list, and add or remove jokes from joke list.

## Features

### 1.Menu

### 2.Music List

Choose the music on the list. Linebot will send the youtube link. There are two modes. First mode is choosing mode, which allows users pick the music they like. Second mode is random mode, which randomly picks one of the music on the list for user.

(1) Choosing mode:

(2) random mode

## 2.Guess Number

It is a number guessing game. Linebot generates a random number and the user guess it.

### 3. Guess Riddle

Linebot randomly pick a riddle from riddle list. User can try to guess the answer.

有一天張飛和關羽快樂的在草地上騎馬，關羽卻不知道他前方是懸崖

張飛就對關羽大叫：「你快勒馬！」

關羽回頭就對張飛說：「我很快樂！」

於是關羽就掉下崖了....
